

WE ARE PROUD TO HAVE THEM AMONG US

PM I Mena Chapter is overconfident of its experienced, well recognized, and treasured Pool of independent instructors who add benefit to the educational process, spread the knowledge in a professional manner, and encourage more and more self-motivated educational trends.

Most of all, we are proud to have had the highest percentage of these successes starting up with acquiring their PMP credentials from our Chapter, where prospect were found in them - a talent we own - and our fruitful relationship was growing everyday where we gave them encouragement and ideas, and they gave us results.

Among these successes are :

PgMP IN MIDDLE EAST AND EGYPT

Eng. **Akram El Najjar**; who is the first to acquire the PgMP credential, the 14th in the Middle East, and the 254th worldwide,

Knowing that the total number worldwide to date (last on May 25th, 2009) is only 262 certified PgMP, we certainly feel proud of Eng. Akram's achievement and ascertained that the Middle East and Egypt is full of those who can make the effort and accomplish.

Eng. Akram AlnajjarPMP, PgMP, is known for his accurate identification of project management organizational needs. He has helped to introduce PM techniques in the governmental & private sectors and provided PM excellence training worldwide in Moscow , Saudi Arabia , Dubai , Abu-Dhabi , Bahrain , Kuwait , Oman , Sudan , Algeria and Egypt .
